# ReNew-Taupe

We are delighted to introduce ReNew in a new Taupe colourway to compliment the White and Taupe range launched earlier in the year.

Taupe has a smooth matt brown finish on the exterior contrasting with the shiny brown durable glaze on the interior offering an artisan look combined with a practical serving solution.

The range is perfectly completed with an option of complimentary bowls with a relief texture. Both colourways work perfectly mixed together creating a combination of dark and light pieces that create a stunning backdrop to the foods colours and textures.

# Country House Glow Sea

Introducing Country House, a new hand-crafted look, with a fresh from the potters wheel style.

A series of concentric embossed lines on small bowls and chip mugs finished in the Glow Sea glaze makes this a hugely versatile range for all types of side orders and desserts. Importantly, the range does not compromise on durability as all pieces are extremely hard wearing and strong.

Flexible, casual shapes in the Glow Sea glaze makes it ideal to mix and match with existing collections such as Nordic and Scope to compliment the overall presentation and style of the food.
